PROFIL

Data Scientist, specialized in Artificial Intelligence, with strong experience in Machine Learning, Deep Learning, Computer Vision, and Data Analytics. I have contributed to data valorization projects and process optimization using AI. Mobile and available for Data Scientist opportunities across France.

COMPETENCES

- **Programming Languages:** SQL, Python, R, Java, Scala
- **Data Science:** Data Mining, Machine Learning, NLP, LLM, RAG, Time Series Forecasting, Data Quality
- **Data Visualization:** Power BI, Tableau, Matplotlib, Seaborn, Dashboarding
- **Cloud Computing:** AWS, Azure, Google Cloud Platform
- **Technologies Big Data:** Hadoop, Spark, Hive, Kafka
- **Computer Vision & OCR :** YOLOv5, Object Detection, OCR (Tesseract)

EXPERIENCES

Artificial Intelligence Intern

Valbonne, France

Orkeo

July 2025 – December 2026

- Implement a data governance approach applied to AI, ensuring compliance with regulations (GDPR, EMA, ANSM) and securing the use of sensitive data for AI projects.
- Design and deploy LLM and RAG solutions (internal chatbots, regulatory monitoring, automated report generation), reducing information access time by 40% and improving business productivity.
- Develop AI prototypes for quality data analysis, enabling improved anomaly detection and contributing to the optimization of business processes and decision-making.

Keywords : Data Governance, NLP, LLM, RAG, Chatbots, NLP, Machine Learning, Data Quality

Data Scientist

Sfax, Tunisia

Spark It

February 2024 – June 2024

- Implement a data extraction system within the existing infrastructure, increasing productivity by 30% and improving data-driven decision-making.
- Develop and optimize a YOLOv5 model using Deep Learning techniques, improving accuracy by 25% and reducing processing time by 40%, thereby streamlining data extraction.
- Reduce extraction errors by 20% by designing an OCR system based on Tesseract, improving data quality and processing efficiency.

Keywords : Python, YOLOv5, Computer Vision, Object Detection, OCR (Tesseract).

Data Analyst & Web Developer

Medenine, Tunisia

Alfaplus – retail

July 2023 – August 2023

- Creation and management of interactive dashboards to monitor key performance indicators, enabling strategic decision-making through improved data visualization.
- In-depth analysis of inventory trends using advanced forecasting techniques (ARIMA, SARIMA, LSTM), improving forecast accuracy by 25%, and reducing management errors by 15%.
- Development of an optimized web application for inventory tracking, increasing product availability by 35%, and reducing storage costs by 15%.

Keywords : Dashboarding, Power BI, Tableau, Python, SQL, Data Visualization, Forecasting, ARIMA, SARIMA, LSTM

Data Scientist
Attijari Bank

Remada, Tunisia
August 2022

- Develop a web application for loan prediction, optimizing the banking decision-making process and accelerating application processing by 30% using Streamlit.
- Design Machine Learning models, improving loan approval prediction accuracy by 20% compared to previous methods.
- Integrate preprocessing techniques and visualization tools using Streamlit, enabling faster data analysis and improving decision-making by 25%.

Keywords: Preprocessing, Machine Learning, Finance, Streamlit, Web, Data.

FORMATION

Master's Degree in Data Science and Data Analysis (With High Distinction)

IA School

Lille, France

September 2024 – December 2025

Data Engineering and Decision Systems (With Very Good Distinction)

Tunisia National School of Electronics and Telecommunications of Sfax
2024

er 2021 – June

Bachelor's Degree in Computer Science (With Very Good Distinction)

Faculty of Sciences of Monastir

Monastir, Tunisia

September 2018 – June 2021

CERTIFICATIONS

- **Coursera:** Data Science Specialization, Machine Learning / Deep Learning, Data Analytics
- **DataCamp:** Python, R, SQL, Machine Learning
- **Kaggle:** Intermédiate Level
- **Google Data Analytics Professional Certificate**
- **IBM Data Science Professional Certificate**

KEY STRENGTHS

SOFT SKILLS

- Analytical mindset
- Problem-solving
- Teamwork
- Intellectual curiosity
- Fast learning ability

LANGUAGES

- French (Fluent)
- English (Professional)
